RE: Letter Regarding 2018 Annual Report

Dear Mr. Smathers:

This letter is in response to not receiving our 2018 Residual Waste General Permit Report. The report was in fact mailed and received at your location on 2/19/2019. Please find enclosed the copies of the submitted reports, as well as the certified mail receipts.

Should you have any questions or require any additional information, please contact me at 814-940-6737.

Respectfully,

Paul G. Robinson, CSP

Re: Residual Waste General Permit No. WMGR081D043
Annual Reporting Requirements – Permit Condition G.1
City of Altoona, Blair County

Dear Mr. Shaw:

Per Condition G.1 of Residual Waste General Permit No. WMGR081D043, Alpha Metals, Inc. is required to submit an annual report to the Department of Environmental Protection's Southcentral Regional Office and the Division of Waste Minimization and Planning. The report is due by March 1 of each year and should contain the following information for the previous calendar year:

- a. The weight or volume of each type of waste received at the permittee's facility;
- b. The weight or volume of each type of waste processed at the permittee's facility;
- c. The generators of the wastes;
- d. The weight or volume of each type of material reclaimed from the accepted waste;
- e. The final disposition of all waste, including the dates of shipment, quantities, and name and address of the party to which the processed waste was shipped;
- f. For permittees accepting covered devices as part of an original equipment manufacturer's plan, the annual report shall also include the manufacturer's name and the weight of covered devices accepted under that plan;
- g. If applicable, the annual report shall also contain updated bonding calculations in accordance with 25 Pa. Code, Chapter 287, Subchapter E.

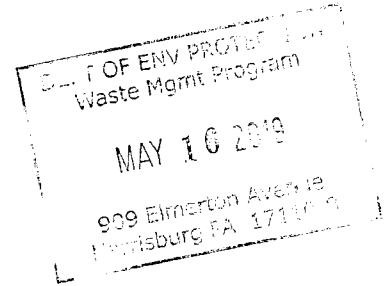

Our records indicate that we have not received an annual report Alpha Metals, Inc. for the 2018 reporting year, which should have been submitted by March 1, 2019. Within fifteen (15) days after receiving this letter, please submit your 2018 annual report to the Department's Southcentral Regional Office at the address below and to the Department's Division of Waste Minimization and Planning at PO Box 8472, Harrisburg, PA 17105-8472.

If you have questions or concerns about this requirement, please contact me at 717.705.4910.

Sincerely,

James Smathers
Residual and Hazardous Waste Coordinator

RE: 2018 Waste Circuit Board Processing

Dear Environmental Professionals:

Please find enclosed the annual subject report per the General Permit WMGR081. We still only have the circuit board shredder installed in 2015 for this processing. There is still no definite plans for additional equipment to further separate the shredded circuit board material. We still have no plans to expand this processing beyond the scrap boards we obtain from solder customers and the like. We also still do not plan to handle "covered devices".

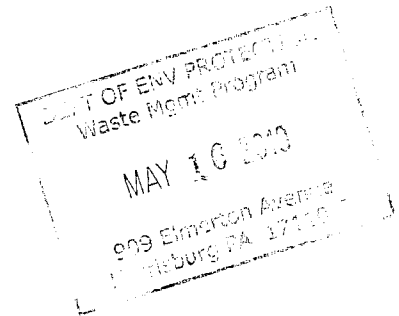

Should you have any questions or require any additional information, please contact me at 814-940-6737.

Respectfully,

Paul G. Robinson, CSP
EHS Manager

RE: 2015 Waste Electronics Processing

Environmental Professionals:

Attached is the subject report per the General Permit WMGR081. We finally installed a circuit board shredder for this processing. This was installed and debugged in the latter part of 2015. Additional equipment to further separate the shredded circuit board material could be installed by 2017 depending on various business conditions. We also still have no plans to expand this processing beyond the scrap boards we obtain from solder customers and the like.

If you have any questions or comments, please call or email me.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Shaw", written over a horizontal line.

NOTES: 1) See the following page for the customer/generator breakdown of the Batch #'s above. 2) All weights are approximate pounds based on estimated tares. 3) Regular scrap metals go to local recyclers (Krentzman and Caracciolo) with other plant scrap. Wood and cardboard dunnage also go to local recyclers (Concord Plastics and Bergmeier). 4) The only 2017 disposal of universal waste batteries was on 10/9/2017. These were handled by Cycle Chem at 550 Industrial Drive, Lewisberry, PA 17339. 5) We shipped 6,912 lbs of shredded boards in 2017 to Glencore/Xstrata at 156 Marcel-Baril Ave., Rouyn-Noranda, Quebec J9X7C1.

Paz Metals Inc. Annual Report for WMGR081D035

All types of electronic waste purchased during March 2018 - March 2019.

- Circuit Boards - 9520 lbs.
- Disk drives - 1228 lbs.
- Hard drives - 1458
- Low Grade Circuit Board - 25180 lbs.
- Power supplies - 11824 lbs.
- Ram - 213 lbs.
- Computer towers - 19264 lbs.
- Processors - 105 lbs.

All electronic scrap is received and purchased per pound from either the public or commercial business accounts. Currently we do not have the means to track the weight of what was processed from this waste. Nothing was sold from this waste as well as nothing has changed regarding bond calculations.

If you have any questions or concerns, please contact me at 717-891-1454 or 717-757-1298.

Sincerely,

Roy Yohanan

PC Parts, Inc.
1800 Paxton St.
Harrisburg, PA 17104

5/13/2019

James Smathers
Residual and Hazardous Waste Coordinator
Pennsylvania Department of Environmental Protection
Southcentral Regional Office
909 Elmerton Ave.
Harrisburg, PA 17110-8200

Dear Mr. Smathers,

PC Parts used to engage in IT recycling activities, however, changes in the IT industry have necessitated changes in the company's business model. Currently, the business revolves around supply chain management solutions that do not require the accumulation of electronic scrap at its facilities. For more than five years, the company has not accepted materials from individual consumers or businesses for the purpose of recycling. Further, the company no longer purchases significant inventory of older IT equipment for deriving its supply chain, rather the company utilizes down stream vendors and distributors for more than 75% of its revenue. Given this change in business model, and confidence from management that the business will at no point in the future engage in IT recycling activities, the company is requesting to no longer be required to report under the General Permit No. WMGR081D016. Please let me know if you need any additional information in support of this request.

Sincerely,

George H. Crist, Ph.D.
President

Re: Residual Waste General Permit No. WMGR081D016
Annual Reporting Requirements – Permit Condition G.1
City of Harrisburg, Dauphin County

FILE COPY

Dear Mr. Crist:

Per Condition G.1 of Residual Waste General Permit No. WMGR081D016, PC Parts is required to submit an annual report to the Department of Environmental Protection's Southcentral Regional Office and the Division of Waste Minimization and Planning. The report is due by March 1 of each year and should contain the following information for the previous calendar year:

- a. The weight or volume of each type of waste received at the permittee's facility;
- b. The weight or volume of each type of waste processed at the permittee's facility;
- c. The generators of the wastes;
- d. The weight or volume of each type of material reclaimed from the accepted waste;
- e. The final disposition of all waste, including the dates of shipment, quantities, and name and address of the party to which the processed waste was shipped;
- f. For permittees accepting covered devices as part of an original equipment manufacturer's plan, the annual report shall also include the manufacturer's name and the weight of covered devices accepted under that plan;
- g. If applicable, the annual report shall also contain updated bonding calculations in accordance with 25 Pa. Code, Chapter 287, Subchapter E.

Our records indicate that we have not received an annual report from PC Parts for the 2018 reporting year, which should have been submitted by March 1, 2019. Within fifteen (15) days after receiving this letter, please submit your 2018 annual report to the Department's Southcentral Regional Office at the address below and to the Department's Division of Waste Minimization and Planning at PO Box 8472, Harrisburg, PA 17105-8472.

If you have questions or concerns about this requirement, please contact me at 717.705.4910.

Sincerely,

James Smathers
Residual and Hazardous Waste Coordinator
Waste Management Program

George Crist

Subject: FW: Residual Waste General Permit No. WMGR081D016 - PC Parts 2017 DEP Report
Attachments: Doc - Apr 20 2018 - 4-13 PM.PDF; PCParts DEP Report - 2017.xlsx

Hi Linda and Jamie,

I received this from Jamie from PC Parts. I sent him both of your contact e-mails and phone numbers.

Thank you!

Jess

Subject: Residual Waste General Permit No. WMGR081D016 - PC Parts 2017 DEP Report

Jessica,
Good afternoon.

I hope all is well. We recently received the attached letter from the DEP notifying us that we never submitted our annual report. I want to be sure this report gets into the right hands; can you provide contact information as to who I can electronically send this report to?

I will also send disc copies to the addresses outlined on the notice from James Smathers. I've also attached our 2017 information for reference..

Thank you,
Jamie
